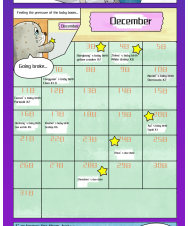
In December, spotted seals successively return to winter, and the annual baby boom occurs in Liaohe Estuary.



December
Getting bit bitter...

I'm happy for them, but—
Young Master ?
Yeah, that's the sound of love.

The Sanlcy who felt betrayed seemed to miss his own "thump thump."

Oh, I'm the only one left.
Fwoooooosh

A newborn baby—Miao must be looking for food.
Weak and helpless
I'm sorry, I'm a man... Why don't I play with you and wait for mama to get home.
Hungry ?

Look! I turned into a banana. So now hand and foot won't get cold.

I don't love them !!!
It's baby seals!
You did litter here from time to time, didn't you?

Oh, no! The mother's not gonna find the baby! Don't find them later pup!
Where'd the mother's around here?
Why don't we take to the rescue station?

Thump Thump
Are you sure my "thump thump" is not happy at all...
Aww, since what do I do?
...I agree!

Whatever, stop them first!

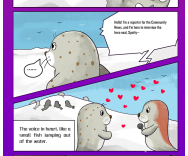
Look, I told you the mother was around.
Hey, look in time.
Since nothing is wrong, let's go!

But here happens, watch this baby in tree... I almost injected her from her mother!
Seriously?
But I think it's better to help you find your mom.

Ms. Rolex Peyocia, I think.. Please help!

How anyone know its mother?
That... I have her baby tone!
No, no, no, I little Yellowish... long ears...
Anyway, tell her to pick up the baby!

Seven o'clock
Thanks to Sanlcy!
Fortunately, there was no accident. It's exhausting to take care of a baby.



Hello! I'm a reporter for the Community News, and I'm here to interview the hero seal, Sanlcy~
The voice in heart, like a small fish jumping out of the water.

December
It turns out that the "Thump Thump" that belongs to me will come at the moment that belongs to me.
Thanks Thanks Wishing
Thank you all for your blessings. This time next year, We will have a baby of our own.
